Current members shall be permitted to enroll their children followed by Former members and then an Open House and Open Enrollment. Students turning 3 or 4 years old after September 1st will be admitted upon the discretion of the school.
2. Membership shall not be limited by race, color, national origin or creed.
3. To be eligible for membership, a parent or legal guardian of the child is expected to participate as a cooperative parent volunteering in the classroom 1 or 2 times per month by acting as a teacher's aide, performing an assigned job (as defined in the job descriptions), attending parent meetings and actively participating in fundraisers.

B. Procedures

1. Prospective members shall file an application form and applicable fee with one of the Membership Chairperson.
2. Prospective members shall meet with a Membership Chairman and teacher, if possible, to assure general understanding of philosophies upon which the organization functions. A Membership Chairman may meet the prospective members singularly or in small groups, whichever is desired.
3. The Membership Committee shall fill vacancies as they occur by referring to the waiting list.
4. Current Members who are actively participating in the Center program shall be given priority over Former and New applicants in filling vacancies for the following year provided they file an application and pay registration fee by a specified date.
5. Previous members of The Perry Hall Children's Center, Inc. will be permitted to register for the next school year, after active members have registered, on dates specified by the Board, which shall be prior to registration for the general public. If previous members do not register on these dates, their priority is lost.

6. Current members in the three-year-old class have a five (5) business day priority for registration in the same time slot for the four-year-class. Example: 3A.M. to 4A.M. Anyone in the 3P.M. class wanting 4A.M. would then have priority over any remaining space. Should there be more requests than spaces, transfer will be made on a first-come first-serve basis.

C. Probationary Period and Special Problems

1. The first six weeks of participation in the program shall be considered the probationary period. Any member who enrolls after January 1 of the current school year will have a 3 week probationary period. If, at the end of this time, either parent or child has failed to make a satisfactory adjustment or if the parent has failed to fulfill the participation requirements, the teacher, the parent, or the director may request a conference. Likewise, if at any time during the year, a child's behavior becomes detrimental to the learning process or the welfare of the other students, a conference between the parent, teacher, and director shall be held. If any two of the three principals to the conference feel that the interests of all concerned would be best served by withdrawal from the group, membership shall be considered terminated. All monies paid and registration fee are non-refundable.
2. At any time during the year if, after careful observation and evaluation by the teacher, she recommends further professional evaluation of a child, (example: psychological screening) and parents of the child refuse to comply, their membership shall be terminated. Likewise, the teacher may request a consultation between herself and the child's pediatrician in the presence of the parents. The Executive Board shall review each case before membership is terminated.
3. In the event after the probationary period, that the parent has failed to fulfill the participation requirements, there shall be a Grievance Committee consisting of all Executive Board members. Said parent shall have an opportunity to meet with the Board and offer a defense of any actions in question. Should the Board decide that withdrawal from the program is in the best interest of all concerned, they must vote as a two-thirds majority to do so.
4. Any teacher of The Perry Hall Children's Center, Inc. who believes or has reason to believe that a pupil has been abused, is required to make a report in the form and manner provided for the Family Law Article, Title 5, Sub-title 7, Section 5-704 and 5-705 of the Annotated Code of Maryland.

If a teacher has suspicions of a child's inability to progress to the next level, she shall evaluate in early January, prior to former member registration and confer with the parents as to whether the child should be retained at the same level. The Center, with the two-thirds majority consent of the Executive Board, shall have the right to refuse admittance to any child whose physical condition, in their sole discretion, may present a problem with which the Center is not set-up to cope. No child shall be admitted or permitted to continue in school during any time in which such child suffers from any communicable disease or condition.
2. If a child contracts a communicable disease or condition, other than a minor upper respiratory infection, such child shall be allowed to attend class only after the presentation of a physician's statement that the child is free of such disease or condition. However, where the disease is a minor, common, childhood illness, a parent's statement to the above effect is permissible, unless the Director, teacher, or Executive Board, at their sole discretion, requests a physician's statement.

DISCIPLINE POLICY

Introduction

Children have to be given understandable guidelines for their behavior if they are to develop internal control of their actions. The aim is to develop personal standards and self-discipline, not to enforce a set of institutional rules. Verbal explanations are important, particularly during the second and third years when the child's understanding of language enables him or her to understand the verbal explanation. They are time-consuming, but they enable a child to generalize from a specific incident and thus to learn for the future from current experiences.

Therefore, a discipline policy has been provided for all parents of children enrolled in this center and to our teaching staff. If someone other than the parents of the child enrolled in the center will be fulfilling the parents' obligation to work in the classroom, it is the responsibility of the parent to have your designated substitute read the discipline policy and have a clear understanding of the contents prior to assisting in the class. Be sure to thoroughly read the policy prior to the start of school to ensure your working knowledge, and if you have any questions or need clarification, contact a Board member or the President. Once the year begins, questions or comments should be directed to the teacher of your class.

Discipline Practices

Children learn by example. Therefore, adults will serve as positive role models. Adults will develop positive relationships with children by expressing interest in each child and his/her activities.

The teachers and the working parents will "catch children being good". Encouragement and praise will be the basis of the discipline policy. Inappropriate behavior will be dealt with according to the severity (i.e. conference with child, time out, note and/or conference with parents). However, if behavior is destructive or dangerous to themselves or others, the teacher or working parent will intervene immediately to avoid any mishaps.

When a child misbehaves, the teacher or working parent will quietly explain to the child why the behavior is unacceptable. Examples of appropriate alternative behavior will be offered. Limits will be consistent and firm. The rules will not change day-to-day.

"Time-Out" will be used for persistent inappropriate behavior, for acts of physical aggression, destructiveness, or tantrums that cannot be ignored. Teachers or working parents will explain to the child why "time-out" is required. The child will be seated in a chair apart from the group, but in sight and hearing of an adult. The maximum "timeout" allowed is as follows: three (3) minutes for 3's students and four (4) minutes for 4's students; this is the general rule.

The teacher or working parent will always make it clear to a child that it is the child's behavior that is wrong. No child will be called "bad" or made to feel "bad" about him/herself.

EXCLUSION FOR ACUTE ILLNESS POLICY**

It is required by the Department of Human Resources that the school have a policy pertaining to children who suddenly become sick once school has started. If a child is questionably ill prior to the start of school, the child should be kept home. He or she can return to school when their symptoms have resolved and the child has been symptom-free and fever-free for at least 24-hours. A note explaining an absence should be given to the teacher and kept on file.

If your child is sick and will not attend school, please call PHCC and leave a message on the school phone. PHCC school phone number is **410-529-8224**.

If your child becomes ill once school has started the following will happen:

1. The teacher of working parent will attempt to notify the parent(s). If they are not able to reach the parent, the emergency cards will be used to identify the person(s) to be called.
2. The ill child will be moved to a comfortable place away from the other children but not out of visual contact of the teacher or other working parents. The child will be kept away from the other students until transportation home is available.
3. When the child returns to school, a note should be given to the teacher regarding the absence.
4. If the teacher feels that it is an emergent situation, Emergency Services will be called. Every effort will be made to reach the parent(s). If the parents are not available, the Emergency cards will be used to call the designated people.

INCLEMENT/HOT WEATHER POLICY**

In an effort to make the PHCC Inclement/Hot Weather Closings and Delays clear to everyone, please be aware that...

1. PHCC follows closings and delays of Baltimore County Public Schools (BCPS). If BCPS announce weather related closings, then PHCC will follow BCPS decision.
2. If BCPS delay opening one (1) hour, the morning class will begin at 10:00 A.M. and end at 11:30 P.M. The afternoon class will meet at the regularly scheduled time.
3. If BCPS delay opening two (2) hours, the morning class will meet from 11:00 A.M. to 1:00 P.M. and the afternoon class will meet from 1:00 P.M. to 3:00 P.M.
4. If BCPS announce a one (1) hour early closing, the afternoon session will be held from 12:30 P.M. until 2:00 P.M. If a two (2) hour or three (3) hour early closing is announced, the afternoon session will not be held.
5. If BCPS announce early closings after your child is in class, use your discretion in picking them up. Afternoon classes may be cancelled.
6. Please check the PHCC Facebook page and website for weather related closings and delays.
7. Keep your child's safety in mind. If you feel that road conditions are dangerous and there has been no Baltimore County announcement, use your discretion in taking your child to school.

SNACK AND DRINK LIST

As part of nutrition education for our children, we hope to help them develop a lifelong habit of choosing healthful snacks and drinks. Here are some suggestions to help you when it is your turn to bring snacks or drinks. The school provides napkins and plastic utensils for snacks, if needed.

PHCC is a **NUT FREE SCHOOL** and has implemented a strict “No Nut” snack policy for the entire Preschool. “No Nut” means that any foods containing peanuts and/or tree nuts or foods that have been processed with trace amounts of these substances should never be brought into the preschool. If your child has a nut or food allergy, we encourage you to discuss this with your teacher and check the snack each day to be certain your child can eat it.

When it is your family’s turn to bring in a snack, please be sure to READ ALL PRODUCT LABELS carefully before purchasing and bringing any item into the preschool even if that item is on the list below. It is suggested that the snack parent bring 1 food item that is carbohydrate and 1 food item that is a protein. If you bring perishable foods such as milk products, eggs, or meats, please remember to place them in the refrigerator upon your arrival to school.
